San Francisco,
July 18, 1879.

Dear Dr. Gray,

Here is the habitat of plants, and I shall write you tomorrow.

In haste.

W. H. Allen.
34. Klamath River: flowers yellowish.
35. Common form on the Klamath, alpine species.
36. Along the sandy banks of a tributary of the Klamath, and
37. Common on the lower Klamath.
38. Illinois River 6 miles from Medora, Oregon.
39. Illinois River 6 miles from Medora, Oregon.
40. Common on low ground: flowers purple.
41. Smith River; flowers scarlet.
42.Apparently introduced in an enclosed meadow.
43. Red deer track.
44. Corn on rocky ground along the Klamath River.
46. Darlingtonia bog of Smith and Illinois Rivers: grey and the
47. Smith River.
48. Illinois River 6 miles from Medora, Oregon.
49. Abundant in open ground in the state of Siskiyou.
50. Siskiyou Mts: dull purple flowers.
52. Near Hooker's Mill, and along the summit between Red and Smith Rivers.
53. Siskiyou Mts: flowers nearly white.
54. Very abundant along the Klamath and Trinity Rivers on Plateau meadow.
55. South of the Trinity on a high open ridge, alpines of nearly white, lower the tribes.
56. With No. 55.
57. Common on the high prairies of Humboldt Co.
58. Only found 2600 ft. above the sea in a forest of spruce near Redwoods.
59. The bed of two species: Klamath River: yellowish white. I did not revisit the place where I found it last year.

* I found No. 55 in cultivating ground last year when it grew much taller.

X I found No. 55 last year within half a mile of the above locality in open ground where it does not grow as well. And when I could find the specimens this year, flowers from light blue-purple to pinkish purple.
1. *Mima* (Emarsis)iosa
2. *Brachyca Mima* —?
3. *Mima* —?
4. *Mima* —?
6. *Allionia* (Humboldt) nom. nov. 
7. *Belamnina* nov. 8.
8. *Allionia* —?
9. *Lilium* —?
10. *Lilium* —?
11. *Lilium* —?
17. *Prosera* humboldti, var. 17.
18. *Helenium* (Humboldt) var. 18.
20. *Calceolaria brachyca* (Humboldt) var. 20.
22. *Belamnina* (Humboldt) var. 22.
23. *Shaefferia* humboldti, var. 23.
25. *Allionia* humboldtii, var. 25.
27. *Euphytus* (Humboldt) var. 27.
28. *Sida* (Humboldt) var. 28.
29. *Vicia* (Humboldt) var. 29.
30. *Consolida* (Humboldt) var. 30.
32. *Edmonsonia* (Humboldt) var. 32.
33. *Phaeaelia* (Humboldt) var. 33.
